Re: Route of travel from re-located STAGE stop during Courthouse construction.

The location of the new bus stop for the downtown Yreka area is at the corner of 4<sup>th</sup> and Jackson Street. Users will see a temporary bus stop sign on the southwest corner. The City will be painting a 60' red curb and that is where the buses will stop for northbound and southbound. The drivers have been given specific direction to not drop passengers off anywhere along Oregon, South, Butte or Lane Streets.

The route of travel to the Courthouse until the new Courthouse project starts construction is to walk north along 4<sup>th</sup> Street. The route marked in black on the map below is available for pedestrian travel once 4<sup>th</sup> Street between South and Butte Street is closed and fenced for the Courthouse project.

Directions: from the bus stop, walk north along 4<sup>th</sup> Street to South Street and cross over to the public alley to the east of the existing parking lot which parallels 4<sup>th</sup> street. The lot will be fenced, but access to the public alley will remain open throughout the entire project. People may choose to travel along Oregon Street, and they are advised that the sidewalk on east side of Oregon will be closed to pedestrian traffic during the project.

Any questions, please contact the STAGE at 842-8220.
