CIVIL JURY TRIAL CALENDAR MATTERS:

The proposed changes are to coordinate the changes to the calendar which occurred by implementation of the amended local rules which took effect January 1, 2016. The calendar changes that affect Civil Law practitioners are as follows:

All civil cases set for trial will have a Trial Management Conference (TMC) scheduled on the Thursday of the second week before the scheduled trial date. The Civil TMC calendar will be set at 1:30PM on Thursdays.

Jury panels for the civil cases set for trial will be summonsed for Mondays, unless at the TMC the judge directs otherwise. To allow for transition, cases which already have a TMC date after October 3, 2016, will be rescheduled for TMC consistent with this change. Trial dates already scheduled before October 3rd will remain unchanged.

This change will allow the Court to accommodate jury trials starting on Mondays, as determined by the judge at the TMC. The reasons for the proposed changes are to promote the efficient management of all jury trials.

ADOPTIONS (FAMILY CODE AND DEPENDENCY)

All Adoptions will be scheduled on Fridays at 1:30PM. To allow for transition, cases which already have a hearing date after October 3, 2016, will be rescheduled consistent with this change. Matters already schedule for hearing before October 3, 2016, will remain unchanged.
