Re: New Siskiyou County Courthouse

Dear Neighbors:

We are excited to get underway with the construction of the new Siskiyou County Courthouse. We know this comes with much anticipation in the community and also understand this project will cause some disruptions to your daily routines. Our project team hopes to keep the lines of communication open so that we may address your concerns and minimize the impacts as quickly as possible.

The map on the backside of this letter depicts the site plan with several key dates to keep in mind for street and parking closures around the block.

Of note are a couple key dates:

February 11th – Fourth Street will be closed between Butte & South Street

February 12th – K-rail and fencing will be installed around the site, including closure of the sidewalk on the east side of Oregon St

We hope to keep consistent and clear communication going throughout the duration of the project. Should you have any concerns or comments please do not hesitate to reach out to a member of the project management team at the numbers listed below:

Kyle Becker
Project Manager
510-684-3488

Josh Gillmore
Project Superintendent
916-257-9813

Very truly yours,

Kyle Becker
McCarthy
Project Manager
